Metropolitan Planning • Public Transportation & Operations • Engineering & Construction

Metropolitan Planning Organization of Washoe County, Nevada

MEETING DATE: November 3, 2022

AGENDA ITEM 5

To: Technical Advisory Committee

From: Daniel Doenges, PTP, RSP
Director of Planning

RECOMMENDED ACTION

Acknowledge receipt of a presentation and provide input on the Critical Urban Freight Corridor designation in Washoe County.

BACKGROUND AND DISCUSSION

The Nevada Department of Transportation (NDOT) developed the Nevada State Freight Plan (Plan) which describes the framework needed to create the robust and reliable freight transportation infrastructure necessary for Nevada's continued economic growth and diversification. The Plan identifies freight transportation hubs and facilities critical to Nevada's economic growth and recommends appropriate prioritization for investments in these hubs and facilities.

NDOT is currently working on updating the Plan. This presentation provides an overview of the Plan and a freight data analysis for potential updates on identifying roadways to be included in the Critical Urban Freight Corridor designation in Washoe County.

AGENDA ITEM 6

To: Technical Advisory Committee

From: Graham Dollarhide
Senior Technical Planner

RECOMMENDED ACTION

Acknowledge receipt of presentation on Vision Zero Truckee Meadows Action Plan, 2022 Update.

BACKGROUND AND DISCUSSION

The Vision Zero Truckee Meadows Task Force recently completed an update to the Vision Zero Truckee Meadows Action Plan. Vision Zero Truckee Meadows is a regionwide effort to eliminate all traffic-related serious injuries and deaths by the year 2030. The original Action Plan was adopted in 2019 and was revised to incorporate new safety data and position the region for new federal funding sources.

This update was led by the Regional Transportation Commission (RTC) and incorporated comments from other Vision Zero Truckee Meadows Task Force agencies. Applying new safety data and analyses, the update resulted in additional Action Items that were used as high priority projects in a Safe Streets and Roads for All grant application that was submitted in September. If funded, projects would improve safety through evidence-based solutions along multiple corridors throughout Reno, Sparks, and unincorporated areas of Washoe County. These and other updates and projects will be covered in the associated presentation.

The full document can be found on the Vision Zero Truckee Meadows website at <https://visionzerotruckeemeadows.com/safety-in-action/>.
