

RRIF Credits

RRIF Credits are considered personal assets earned by private developers for the construction of capacity improvements on the regional road network. RRIF Credits can only be used for the payment of impact fees. RRIF Credits may also be sold on the private market to third parties and used as outlined below.

RRIF Credits are associated with specific Developments of Record and RRIF Benefit Districts (Northeast, Northwest and South - See Figure 1).

RRIF Credits may be used as follows:

1. RRIF Credits may only be used within the same Benefit District in which the Development of Record lies.
2. RRIF Credits may be used by the Developer of Record to pay for up to 100% of the Regional Road Impact Fees on any traffic generating development of land included in the Development of Record.
3. RRIF Credits may be used by the Developer of Record to pay for up to 100% of the Regional Road Impact Fees on any traffic generating development of the Developer of Record within the same Benefit District as the Development of Record.
4. RRIF Credits are transferable to a third party. To transfer Credits, the original credit holder will contact the RTC through the On-line RRIF Automation program requesting a transfer. A new account will be created in the name of the third party and the transferred Credits deposited for use.
 - a. RRIF Credits may be used by a third party to pay for up to 100% of the Regional Road Impact Fees on any traffic generating development of land included in the Development of Record.
 - b. RRIF Credits may be used by a third party to pay for up to one half of the amount of the Regional Road Impact Fees due on any traffic generating development within the same Benefit District as the Development of Record. The other half of the amount of the Regional Road Impact Fees due must be paid in cash.
