

1st Street Rehabilitation and Signal Replacement Project

February 20 - (Approx.) April 10, 2024

This project involves the rehabilitation of First Street from Sierra Street to Virginia Street, reconstruction of the First Street/Sierra Street intersection and sidewalk, traffic signal, and TMWA water main replacements.

Parking Gallery and Palladio garage access will be maintained through out the project.

Improvements include:

- TMWA Water Main Replacement
- Sidewalk and ADA improvements
- Replace roadway
- Correction of localized drainage deficiencies
- Replace traffic signal system at the First Street/Sierra Street intersection
